

Maths

In maths the children will begin the half term learning about multiplication and division. We will then move on to fractions. The children will be learning their three times tables this half term, too.

English

Rapunzel by Bethan Woolvin

The aim of this unit will be to write a story and to write instructions.

If all the world were by Joseph Coelho

The aim of this unit is to write a poem.

Geography

Why is our world wonderful?

In this Geography unit, the children will be identifying characteristics of the United Kingdom, naming and locating the world's oceans, locating some of the world's most amazing places and investigating our local habitat.

Science

Plants

In Science, the children will be describing how plants grow from bulbs and seeds and what conditions a plant needs to grow healthily. We will also be researching our unit scientist– Jane Colden.

Why is our world wonderful?

RE

Our big question for RE this half term is "How do Jews celebrate Passover?"

Design and Technology

The children will be learning designing, making and evaluating their own hand puppet this half term.

PSHE

Healthy Me

In this topic the children will be thinking about their bodies and how they work. They will discuss the different ways they can stay healthy.

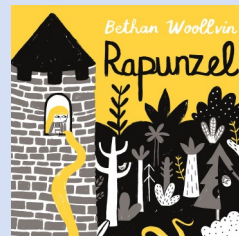

Music

Perform a rhythm

The children will be using tuned instruments to perform a rhythm. They will use graphic symbols to record a music score and perform together as a choir.

PE

This half term Oak and Birch will be learning to dance whilst Willow and Elm will be participating in striking and field games.

Computing

To create and follow algorithms

The children will be exploring Scratch Jr; creating and following an algorithm.
