

**Sport Grant – Sustainability of Impact**

July 2026

Funding Area	Long Term Sustainability/Impact
Funding specialist teachers to work alongside other teachers	Teachers are able to learn first-hand from specialist practitioners and the quality of teaching and learning is enhanced when teachers deliver lessons independently.
Supporting less active children to take part in clubs	Many of the children have joined clubs offered by the school for free, now they have an interest
CPD	Quality of teaching and learning improves as a result of staff knowledge and skills developing
Sports competitions	These encourage competition within children – after the initial set-up, the ongoing costs are lower thus making the activities sustainable
Purchasing quality-assured materials to support lessons	Quality of teaching improves as a result of having high-quality planning resources
